What is ECFE?

Early Childhood Family Education (ECFE) is a District 110 Community Education program that provides classes, special events and services for families with children from birth to kindergarten age. All families are welcome. We believe that the family is the first and most important influence on young children. Our mission is to strengthen the family unit through education and support of all parents.

The Goals of ECFE

- To support parents in their child raising efforts
- To offer information about appropriate child development and positive parenting techniques
- To help parents and children communicate in a positive and nurturing way
- To give children opportunities to play, discover and learn in a stimulating and caring environment
- To provide information on community resources available to parents and children

A wide variety of parent-child classes, based on the child's age, are offered each week during the school year. Most classes meet 1.5-2 hours at a time. Quality childcare is available for siblings not enrolled in class. A sliding fee scale for classes is found on page 13. No one will be denied participation for inability to pay.

**New babies or families in the area?
Please help update the school district
census by calling 442-0607.**

REGISTER NOW for Winter and Spring Session classes and special events.

- * Plan to stay in the same class for both sessions.
- * Payment for Winter Session classes and Special Events is due now.
- * Payment for Spring Session classes can also be made now or due by March 5.

The ECFE Registration form & fee scale can be found on pages 12-13.

ECFE Infants and Toddlers

Baby and Me

Having a new baby is both exciting and challenging. This relaxing and informative class helps you to get off to a great start with your baby. You will meet other parents and discuss common concerns such as adjusting to parenthood, sleep and feeding issues, soothing techniques and infant development. Please bring a blanket for baby to lay on. **Parents and children will stay together the entire class.** Sibling care is provided for a fee of \$22.00. Registration required. ECFE Room 114

Busy Ones and Toddler Time

A whole new world begins once your child becomes mobile--a toddling little bundle of energy just looking to touch, taste, and test out the world and you! Spend time enjoying music, movement, and lots of exploratory activities with your child. During the parent discussion, we'll share ideas for separation anxiety, setting limits, safety, sleeping/feeding issues and other joys and concerns of parenthood. Join us for this special time with your busy toddler. Class fees are found on page 13. Sibling care is provided for a fee of \$32.00. Registration required. ECFE 2 - 5 year olds

Weekly class for parents of 2-5 year olds. Each class includes:

- Parent/Child Time - Parents and children explore learning stations and activities designed to help children's overall development and give parents ideas for activities to do at home. This time also includes a group "Circle Time" of songs and games.
- Parent Discussion Time - A licensed parent facilitator provides resources and guides discussions about child development, parenting techniques, and current issues concerning today's families.
- Child Time - During parent discussion time, a licensed early childhood teacher works directly with children and provides learning experiences, including those that promote sharing, socializing, and relating to friends their own age.

Early Childhood Screening

In Minnesota all children are required to complete Early Childhood Screening before they enter kindergarten. It is recommended that the screening take place just before the child's fourth birthday. The screening is a FREE service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify health or learning concerns that may require special attention before a child enters kindergarten. The screening may also be performed by your physician.

Early Childhood Screening includes:

- * A
- *
- *
- *

look at your child's development
Vision and hearing checks
Height and weight measurements
Immunization and health history review

Screenings

Childhood

are offered on Fridays throughout the school year, 8:15-2:45 pm at the Early Family Center, 520 Industrial Blvd. The winter and spring dates are Jan. 22, Feb. 5 & 19, March 5 & 26, April 9 & 23, May 14 and also on Wednesday May 26, 12:00-6:00 pm. Please call 442-0613 to receive more information and to schedule an appointment for your child.

If your child has been screened by another school district, Early Childhood Special Education or Headstart, your child does not need to be screened again, but a summary copy must be on file with the current school district your child will be attending. Contact the ECS office at 442-0613 for information on how to have screening records forwarded to the school district.

Discipline that Connects with Your Child's Heart

Ever feel stuck in a discipline rut, wondering if you're getting anywhere? Lynne & Jim Jackson, noted parent educators, authors and founders of *Connected Families*, will share a new 'lens' for effective, caring discipline with your child. Learn how to use discipline challenges to build skills and values that will last a lifetime! Great stories and fun skits make these ideas easy to remember when the pressure is on. Get out of the rut and get into your child's heart!

Transforming the Challenging Child

Ever wonder why typical parenting techniques simply don't work with some kids? Parent Coach Tina Feigal, M.S., ED. offers tried and true methods of bringing out the best in even the most challenging children. Tina is a former school psychologist and the mother of an intense kid. She shows how communication affects the body of all children, ages 2-18, and shares ideas that allow parents and teachers to refocus their energy away from being the behavior police, and toward becoming success mentors for the child. She'll also address kids who can't stand scratchy pants, bright lights, big sounds, and the tags in their clothes, or who constantly ram into things. "Sensory processing disorder" can be the root of anxiety for kids whose senses are overwhelming them. Tina will help you with children who have ADHD, Oppositional Defiant Disorder, autism, giftedness, Reactive Attachment Disorder, or any child whose behavior is just hard to handle. Come and learn a whole new way of interacting with challenging kids!

About Janice Novak

Janice is an internationally acclaimed author, speaker and wellness consultant who teaches workshops and seminars for hospitals, corporations and professional organizations. She presents up-to-date information on pertinent health/wellness topics that can improve employee health, decrease sick days, improve productivity, alertness, energy and motivation. She teaches simple steps that lead to huge changes in how you look and feel. Janice regularly presents health segments on television and radio, including a guest spot on the Oprah Winfrey show discussing her book "Posture: Get it Straight!"

W-417 Overcoming Carbohydrate Cravings

Do you crave starches, snack foods and sweets and find the more you eat, the more you want to eat? Is your snacking out of control? In this workshop, we will discuss a two week plan that will STOP your cravings (no kidding!), help you lose weight and help keep your insulin levels balanced. Overcoming carb cravings is not a matter of willpower but a matter of biology. Learn how you can stop the vicious cycle of food craving and weight gain. No hype - just the facts.

W-416 Women, Weight & Hormones 7 Strategies for Fighting Fat After 40

Are you finding that fat is collecting around your mid-section and no matter how well you watch what you eat or how much you exercise that weight is not budging? If this is your story, then your inability to lose weight probably has more to do with your hormone levels than anything else. Until you discover and correct any imbalances, trying to lose weight will be like shoveling sand against the tide. Fluctuating hormone levels at mid-life very much affect weight gain. It is not only the level of hormones but the ratio that's so crucial in determining how much and where you gain body fat. In this workshop you will learn 7 key strategies for fighting fat and losing weight including: which hormones can make you fatter; why hormone ratios are important; why you are gaining weight around the middle; what HRT or birth control pills have to do with weight gain; which food choices make this worse; how to have your hormone levels checked reliably; what steps need to be taken to safely break the vicious cycle of hormone related weight gain; and how to help your body begin to lose weight again.

W-418 Posture: Get it Straight

Look 10 years younger and 10 pounds thinner - Posture is important because it effects how you look, how you feel, and how others perceive you. Poor posture is the #1 cause of back and neck discomfort and can lead to a lifetime of annoying aches and pains. By improving your posture, you improve the health and comfort of your spine. By standing tall you can stop the rounding over that occurs as we age, causing you to shrink in stature. And last, but not least, your posture conveys a lot of information to the outside world about your mental and emotional state, as well as confidence level. In this workshop, you will learn the very specific exercises to straighten your shoulders, flatten your upper back, strengthen lower back and all 4 layers of abdominal muscle. You will learn tips and techniques that will improve alignment immediately. We will discuss back-friendly ways to adjust your computer workstations or desk; how to adjust your car seat to help your posture, beneficial sleeping/resting/reading positions and much more. Wear loose, comfortable clothing. **This class takes place at Central High School in Norwood Young America.**

W-101 Kids Biz Club Entrepreneur Training Grades 5 - 8

Is your child the next Bill Gates? Are they ready to move beyond the lemonade stand? Help your child discover the thrill of starting and running their own business. Students will use a retail model to learn about all the areas of running a business including: identifying a target market, purchasing products to sell, marketing their business and creating their own income statements. The young entrepreneurs will work during class on pricing their product, creating marketing materials and understanding the basics of accounting and sales. The students will meet 4 times after school and then for 2 hours on a Saturday (the Kids Biz Sale Day). On the Kids Biz Sale Day, students will have an opportunity to sell their products at a special Kids Biz Club location locally. After the event, the kids will be able to keep all their well-earned profits.

Youth Enrichment

Minnesota Sword Play Grades 1 - Adult

Fencing is a vigorous sport that requires and develops stamina, quick reactions, speed, accuracy of movement and excellent coordination. More than a game, fencing requires a mental attitude for self discipline involving total manipulation of mind and body in perfect harmony. It utilizes natural body movement to create simple and effective self-protection techniques with the sword. Attacking, defense, timing and intense tactics are all integrated into this beginning class. Whether your fencing for a good work out or gaining points for the Olympics, fencing is fun for the whole family. We provide everything needed to fence (mask, jacket, glove and weapon). The fencer needs to come dressed comfortably (for freedom of movement) including sweat pants and running shoes.

Our new program introduces children to the fundamentals of fencing with the foil weapon. Our children's classes are performed in a non-threatening environment. With an emphasis on skill building, concentration, self discipline and fun. Classes are designed to enhance motor skills, social and perceptual growth by teaching safe age appropriate foil fencing skills to each child. Fencing can help children improve concentration and develop self-control through fun and organized activities that are developmentally correct. Registration deadline is one week prior to each session starting. Class on February 16 & March 2 will take place at the Waconia High School Cafeteria.

Youth Enrichment

Abrakadoodle...

"Inspiring the creativity in every child."

Abrakadoodle is a fun, interactive, educational art program for kids who want to experiment with all types of creative tools. Each lesson introduces children to new art techniques, art vocabulary and artist's styles while focusing on individual expression. Each class brings a new, hands-on art experience. Abrakadoodle inspires kids to reach beyond and create art that is unique to them. Abrakadoodle meets and exceeds the National Standards for the Visual Arts. Most projects are framed. At Abrakadoodle imaginations soar!

W-149 Abrakadoodle - Spring Art Grades K - 4

It's time for fun!! We've saved some of our best projects for the last session. We are doing lots of 3-D art including 2 model magic lessons and a cool Dale Chihuly lesson (Chihuly is one of the world's best glass blowers). We'll try out another "Drawsters" drawing lesson. We'll explore a polish art form and have a pig party! We'll use paint, colored papers, pencils, model magic and colored papers to create fabulous art. Join us for the last session of the season. ****Register for this class and receive \$5 off the Father-Daughter Dance registration fee. Registrations must be completed at the same time.****

Kids' Company

Kids' Company

If you are looking for quality child care in a school setting look no further. Kids' Company offers children the opportunity to thrive in an atmosphere that supports positive growth. Children are given this opportunity starting at the age of three (must be toilet trained) through sixth grade. Kids' Company is open at 6:00 am and our last pick up time is 6:15 pm. We are located at Bayview Elementary School, Southview Elementary School, Clearwater Middle School and a convenient site in St. Bonifacius. Children may attend Kids' Company right at the school they attend which means a peace of mind for parents. Kids' Company is available on most school release days.

Our belief at Kids' Company is that children need to be in an environment that will enhance their social, academic and positive self-image. We accomplish these things through exposure to new experiences, freedom of choice and building new friendships. Children are always placed in age appropriate classes. Please see below for our specific site locations and for more details. Please note that times and locations may change due to registration numbers.
