District 110 Early Childhood Family Education

Welcome to Dist. 110 ECFE

Early Childhood Family Education (ECFE) is a District 110 Community Education program of Waconia Public Schools. All families with children ages birth to kindergarten are welcome. Our mission is to strengthen families through education and support of all parents as their child's first and most important teacher.

ECFE offers classes, special events and other programs designed to give parents information, resources and skills that support their child's growth and development. Most classes meet once a week for 1.5-2 hours at a time. Quality childcare is provided for siblings not enrolled in class.

A sliding fee scale is provided to make classes affordable for all families. No one will be denied participation for inability to pay.

ECFE 0 - 28 months

Incredible Infants

Having a new baby is both exciting and challenging. This relaxing and informative class helps you to get off to a great start with your baby. You will meet with other parents to discuss common concerns such as adjusting to parenthood, sleep and feeding issues, calming techniques and infant development. **Parents and children will stay together the entire class.** You are welcome to join an infant class at any time during the session as space allows. Sibling care is provided for \$18.00/child. Registration required. ECFE Room 114

One Stop Registration for Winter/Spring Sessions
 We are introducing a new registration format. Winter and spring sessions are now combined and will be processed during winter only. There will **not** be a separate spring session registration (unless otherwise noted). Registration after classes have started will be prorated if space allows. **Registration for the winter/spring session begins Nov. 21.**

Terrific Toddlers

A whole new world begins once your child becomes mobile--a toddling little bundle of energy just looking to touch, taste, and test out the world and you! Spend time enjoying music, movement, and lots of exploratory activities with your child. During the parent discussion, we'll share ideas for separation anxiety, setting limits, safety, and other joys and concerns of parenthood. Toddler classes will gradually separate based on age and development of children. Join us for this special time with your busy toddler. **Class fees can be found on page 7.** Sibling care is available. Registration required. ECFE Room 114

School Age Parent Offerings

Next Steps - Elementary Age Parent Education

Raising school-age children can be awesome. Watching them try new activities, cheering them on at athletic events and applauding their accomplishments at recitals are usually some of the high points for most parents. However, achieving success is often preceded by frustration and sometimes learning to accept one's weaknesses as well as celebrating and building on strengths along the path of parenting.

This course offers an opportunity for parents of elementary age children who would like to enhance their parenting skills while participating in group discussions and learning parenting strategies through the guidance of a parent educator.

Parent Discussions will last for 1.5 hours. Discussions will center around topics such as Friendship & Belonging, Bullying, Independence, Organization & Responsibility. Childcare is available for younger siblings who are not in school, so that parents can focus on learning without distraction.

In Partnership Parenting, leading researchers reveal how men and women naturally parent differently- and what can be gained by both approaches. This book by Kyle Pruett, MD and Marsha Kline Pruett, PhD offers anecdotes, quizzes, questions and solutions to jump start conversation.

Christine Pedretti, licensed parent educator, will lead group discussions on this intriguing book. *Copies of the book are available at Amazon.com.* CEU's will be available.

Early Childhood Screening

Is your child 3 years old?

The early childhood years are an important time of rapid learning and growth. Early Childhood Screening is a **FREE** service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify any learning or health concerns that may require attention before a child enters kindergarten. **In Minnesota all children are required to complete Early Childhood Screening before kindergarten entrance, however, it is not a test for kindergarten.** The preferred age to screen is between the ages of 3 and 4 years old.

Early Childhood Screening includes:

- * A look at your child's development
- * Vision and hearing checks
- * Height and weight measurements
- * Immunization and health history review

Screenings take place at the Early Childhood Family Center, 520 Industrial Blvd. **Register online at www.waconiacommunityed.org.** Click on Community Ed, go to Programs and scroll down to Early Childhood Screening. Please call **952-442-0613** to receive more information.

Early Childhood Preschool Program

District 110 Preschool uses Opening the World of Learning (OWL) curriculum and assessment. This research-based curriculum meets the state and federal standards for high quality early childhood programs, including the Minnesota Early Learning Standards, Parent Aware and the Early Childhood Indicators of Progress.

The curriculum, which has a strong focus on literacy and math skills, is organized around units. The daily schedule includes group circle time activities, center time activities, large muscle play, snack and small group time. Center time activities allow children to make choices in play and to practice social skills in a variety of learning stations. They include block play, dramatic play, sensory play, toys and manipulatives, art and learning readiness small group activities.

Wildcat Discovery Park offers children a nature-based outdoor playground experience. An early childhood edible garden, a fort building area, a unique sand box created out of logs and traditional play equipment are available.

Waconia Preschool program is an inclusion preschool and open to all children. Our classrooms are located in Waconia. Call 952-442-0613 with questions or go to our website for more detailed information about each session.

Waconia Area Gaming Society

48+ members strong in 2018-2019, come join the fun! Have you ever piloted a spaceship in a desperate battle to save humanity? Hunted orcs in the wild? Built a railroad empire? Visited the third moon of Zantos, or held the hot gates against the Persians with a small band of Spartans? We have! Join us for a monthly dose of fun, dice rolling, and adventure! The Waconia Area Gaming Society (WAGs) offers a once-a-month opportunity to do something different! We are a group of local board and strategy game fans who enjoy any excuse to break out our table-top, role-playing, and miniature games with friends old and new. Some of the games we have played in the past: Risk, Pathfinder, Firefly, HeroClix, Settlers of Catan, FUDGE, Battletech, Axis and Allies, Agricola, and Arkham. We meet the first Saturday of the month and usually decide a month ahead of time what we will play on game day. Due to the complexity of some of the games we may play, we ask that attendees be at least ten years old. Our only other requirements are that you abide by our three simple rules: 1) All attendees will bring a drink and snack to share. 2) The judge appointed for the game has the final say--no arguments. 3) Have fun! We hope that you will come and join us on our grand adventures through time, space, and... pizza! Caution: Getting involved in this group may cause you to laugh, smile and have a good time. Your spirits may be raised. You may make new friends. Please note, the Waconia Area Gaming Society is not responsible for spaceship crashes, goblin invasions, or outbreaks of Munchkinitis. No helmets necessary.

Chess Club

Whether you have never played chess and want to learn the basics or if you have played some and want to improve your skills, Waconia Chess Club is a fun, learning experience. Research shows that kids who play chess often see increases in scholastic performance, especially in math and reading. Best of all, kids love it! Students will learn: value of pieces, the difference between check, check mate, and stalemate; basic checkmate patterns, opening principles and general strategic concepts. There will be instruction given, but also open play time where kids can try out their own strategies - plus a tournament with trophies and medals. Chess sets will be provided; kids do not need to bring their own. Pat has been teaching chess for 2 decades, including 15 in Waconia, was voted SCA chess coach of the year and coached Eden Prairie High School to the Minnesota State Scholastic Championship.

Fastpitch Softball Pitching Clinic

This clinic will evaluate pitchers to make sure they are using good form and teach advanced pitches for the players that are ready to throw pitches beyond a fast ball. Good form is the foundation to being able to throw multiple pitches. Makenzie has 12 years of pitching experience and is currently a Junior at Northern State University in Aberdeen, South Dakota. Makenzie is a movement pitcher so she knows how to throw drop, rise, curve, screw, knuckle and change ups. New pitchers should master a fast ball and then a change up and once they have mastered those pitches they can move on to other movement pitches. Makenzie has given individual lessons and group lessons through Northern State softball clinics and enjoys sharing her passion and knowledge with young pitchers. Please wear athletic shoes (no cleats), bring your glove, ball and a catcher. Attend all 5 sessions and save \$20!

For those who wish to skip the evaluation process and have equal playing time please register and play in our recreation league.
- U10-U18 play in the Big West Softball league and 2 local tournaments.

Waconia Area Gaming Society

48+ members strong in 2018-2019, come join the fun! Have you ever piloted a spaceship in a desperate battle to save humanity? Hunted orcs in the wild? Built a railroad empire? Visited the third moon of Zantos, or held the hot gates against the Persians with a small band of Spartans? We have! Join us for a monthly dose of fun, dice rolling, and adventure! The Waconia Area Gaming Society (WAGs) offers a once-a-month opportunity to do something different! We are a group of local board and strategy game fans who enjoy any excuse to break out our table-top, role-playing, and miniature games with friends old and new. Some of the games we have played in the past: Risk, Pathfinder, Firefly, HeroClix, Settlers of Catan, FUDGE, Battletech, Axis and Allies, Agricola, and Arkham. We meet the first Saturday of the month and usually decide a month ahead of time what we will play on game day. Due to the complexity of some of the games we may play, we ask that attendees be at least ten years old. Our only other requirements are that you abide by our three simple rules: 1) All attendees will bring a drink and snack to share. 2) The judge appointed for the game has the final say--no arguments. 3) Have fun! We hope that you will come and join us on our grand adventures through time, space, and... pizza! Caution: Getting involved in this group may cause you to laugh, smile and have a good time. Your spirits may be raised. You may make new friends. Please note, the Waconia Area Gaming Society is not responsible for spaceship crashes, goblin invasions, or outbreaks of Munchkinitis. No helmets necessary.
